COURSE DESCRIPTIONS

The Enneagram (Elective): (Rev. Pat Veenema: Feb 4-8, 6:45-8:45pm) Explore the Enneagram as a tool for personal transformation and development. Course will cover background, the 9 different Personality Types, variations and applications. **Required Text:** *Wisdom of the Enneagram* by Don Riso & Rich Hudson

SCS120 Jesus' Teachings: (Rev. Tina Brown: Feb 5-9, 10-11:50am) Teachings about the Gospels have usually portrayed Jesus Christ as the "Great Exception" to being human. However, by focusing upon his sayings, we can see Jesus as the "Great Example" for Spiritual Awakening, Empowerment, and Transformation. By exploring the teachings of Jesus, rather than the teachings about Jesus, we can follow that example. Students will develop a deeper and more practical understanding of Jesus as Master Teacher and Way-shower through reflection upon his sayings and methods. In this way, they will learn to build a strong spiritual foundation for "Christ Consciousness." **Required Text:** *The Bible*

HTS110 Metaphysics 2: (Rev. Kim O'Connor: Feb 5-9, 1:15-3:05pm) The second phase in metaphysical study and practice is exploration of complex concepts such as "oneness" and creation. In addition, Unity metaphysics entails new interpretations of the common terminology of traditional Christianity. In the process of exploring complex concepts and theological terminology, students uncover their "embedded theology" and gain clarity on Unity teachings. Practical application is emphasized as a primary goal. **Required Text:** *Heart Centered Metaphysics* by Rev. Paul Hasselbeck; *Applying Heart Centered Metaphysics Workbook* by Rev. Paul Hasselbeck

HTS100 Foundations of Unity: (Rev. Charli Tupper: Feb 5-9, 1:15-3:15pm) This class is about raising consciousness: ours and the worlds. It is designed for anyone wanting to explore Unity's foundational teachings and how these teachings transform lives. Throughout this course, students will develop skills and learn to integrate Truth principles in ways that make a tangible difference in their day-to-day experiences, while awakening to a deeper understanding of what it means to live from a consciousness of oneness. (Combines 3 former classes: Lessons in Truth, Discover the Power Within You and Unity Today.) **Required Text:** *Lessons in Truth* by H. Emilie Cady, *Discover the Power Within You* by Eric Butterworth, Charles Fillmore's Revealing Word.

Spiritual Potential (SCS125 The Christ): (Rev. Pat Veenema: Feb 5-9, 3:15-5:05pm) In metaphysical teachings, "Christ" signifies an innate Spiritual principle and/or potential in every person. Students will notice that the idea of "the Christ" as the Greek form of the Hebrew "Messiah," has an entirely different meaning for Judaism. Students will experientially engage their own beliefs about "Jesus Christ" and the Christ idea using the Bible as the primary text, with additional handouts from Fillmore, Butterworth and Holmes. **Required Text:** *Bible (NRSV recommended. Can be referenced online.)* **Recommended:** *Metaphysical Bible Dictionary*; *The Revealing Word* by Charles Fillmore
